

HÄFELE
APPLIANCES

SMALL DOMESTIC APPLIANCES

The
first
100
years.

Dear Reader,

2023 marks a huge **milestone in the history** of our company. Hafele is now **one hundred years old**, and we are taking the opportunity of this extraordinary anniversary to pause and reflect intensively on the growth that's taken us from a small hardware store in the Black Forest (Germany) to a global company.

In addition to extraordinary people who have guided the company's fortunes with far-sightedness, what stood out prominently for us was our ability to forge **strong partnerships** that have been fundamental in shaping our progress and achieving the milestones we stand before today.

We sought to build an ecosystem that fostered a sense of community, respect, and shared purpose and over the years, this approach has proven to be the cornerstone of our achievements. Together, we have weathered economic downturns, navigated shifting market trends, and embraced technological advancements.

Therefore, it wouldn't be incorrect to state that it has been **courage and optimism**, above all that have carried us as an organization through stormy times. These qualities have also defined Hafele from the very beginning and characterised the founders back in the day. The original 2-man business which was a specialist hardware store led by **Adolf Hafele and Hermann Funk**, has developed into a global company, Hafele SE & Co KG, with subsidiaries in **38 countries, 8,000 employees** and more than **1,50,000 customers**.

Standing on the threshold of the next phase of our journey, we realise that it was courage and optimism along with an **unwavering alliance with our employees, vendors, suppliers and above all our customers**, that enabled us to change continuously, to break new ground and not only to think ahead, but also to actively implement these forward-thinking ideas.

As we foray into the next 100 years, Hafele presents its future-oriented brand purpose (which will be at the very core of our strategic outlook) - **"Maximising the value of space. Together."** The new brand claim aims to consolidate our attitude, our competences, the developments inside and outside of our company and the strategic decisions we have made in the past years and decades. And as we transition between the first and second century, we aim to pour our collective experiences that have brought us here into a connected mould – our purpose, that will function as a starting point for a shared journey into the future and will act as a powerful compass for us.

Needless to say, we excitedly look forward to shaping this - perhaps new, different, surprising - future together with you!

With Best Regards,

A handwritten signature in black ink, appearing to read 'Schloeder'.

Frank Schloeder
Managing Director, Hafele South Asia

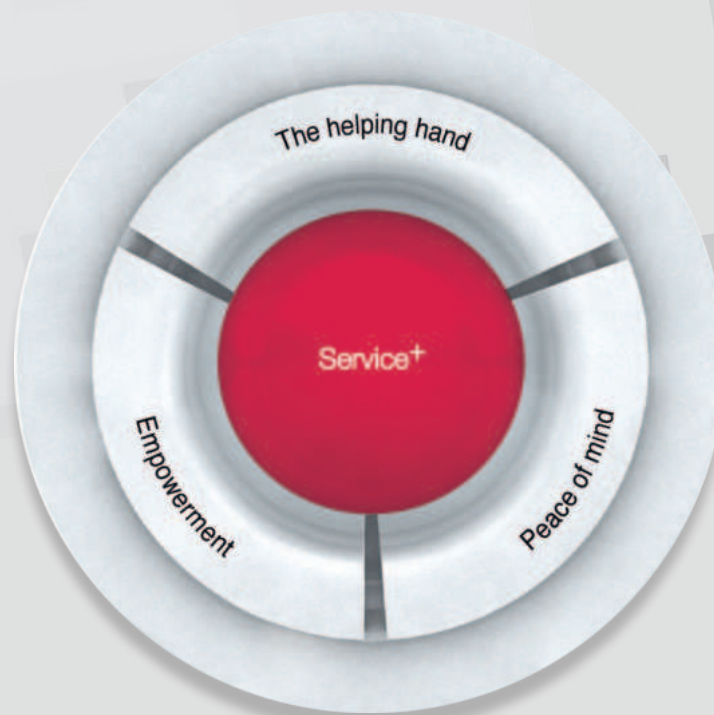

MAXIMIZING THE VALUE OF SPACE. **TOGETHER.**

In conjunction with its 100-year anniversary celebrations this year, that kicked off at Interzum 2023, Hafele unveiled a new purpose line “**Maximizing the value of Space. Together.**”, which resonates strongly with us. We aim to strengthen our brand position in South Asia by emphasizing on the meaning of this purpose line, i.e. Hafele strives to provide the best of the best (**maximizing**) benefits (**value**) through its versatile solutions and services for different living and working spaces ranging from hotels, offices, institutes and homes as well as different interior applications like kitchens, living rooms & bedroom furniture, doors and interior partitions, wardrobes as well as furniture and room lighting. And this we strive to achieve in partnership (**together**) with all entities within our ecosystem from our suppliers, partners (Industry and Project), channels (distributors, dealers and franchisees), influencers (architects, designers, contractors and carpenters) right up to the final beneficiary i.e., our end customer.

In short, with our new purpose line we aim to co-create an environment for our endearing customers where they can enjoy the multiplied benefits of their living and working spaces.

Experience More with
Service+

Our customers' working environment is becoming increasingly complex and their market is becoming ever more demanding. This drives our motivation to do everything in our power to help our customers be successful. And to demonstrate that Hafele is the right partner in these challenging times, we want to accompany our customers throughout their entire business process and give them added strength in every phase of their business. We don't just want to sell our products, we also want to provide the highest level of service.

We have now divided our services into two categories: **Standard Services** which we provide to our customers as a matter of course when they choose our products. For example, a high availability of our goods and punctual delivery. And then there is **Service+** which constitutes of services that give our customers considerable added value in terms of building expertise, increasing productivity or providing individual customised solutions. These services require a considerable amount of time and effort

to develop and implement and are designed to enable our customers to regard them as worthwhile investments.

The aim is to create solid long-term foundations for our comprehensive service promise and to make Hafele an indispensable partner for our customers. The focus here lies not so much on us and on what we do – but rather, on the benefits derived by our customers. We want to **empower** them with opportunities to develop and expand their skills – both as masters of their trade and as entrepreneurs. We want to support them in the planning and realisation of their projects and relieve them of as much work as possible, thereby providing them with a **helping hand** to use their most valuable resource – time – as efficiently as possible. And we aim to give our customers **peace of mind** and the assurance that even after the end of a successful project completion, we will continue to be there for them as a reliable partner, shouldering responsibility.

The Pillars of **Service+**

In order to support you as comprehensively as possible, we have assigned the Plus Services to individual stages of your work process in a total of four themed pillars. We start with the transfer of knowledge and accompany you via planning and production to installation and maintenance.

Empowering customers with

Service+ Knowledge

Includes service offerings that provide inspiration and expertise to our customers about the Hafele product range. Through these, we enable our customers to use Hafele products profitably and at the same time remain at the cutting edge of technological development. One example of this is the Hafele Academy, which imparts knowledge about complex products and new technologies to our customers via seminars and trainings.

Providing a helping hand to customers with

Service+ Planning & Customised

Includes service offerings like space, design planning and customisations that make life easier for our customers and support their design vision. An example of this is Hafele's Lighting Design Service which helps our customers curate a lighting plan, following a customised approach, that enhances and brings out the true functionality of the interior space as per requirement.

Lending a "Peace-of-mind" experience through

Service+ Assist

Includes service offerings that provide support and assistance to our customers, whether digitally or on site. An example of this is the complete assembly and installation service for more complex and maintenance-intensive products done by our Meister certified and trained technicians.

Service+
Knowledge

Service+
Assist

Service Partner Network

From the very start Hafele has kept a strong focus on strengthening our overall service offering for the Appliances business. Over the years, we have appointed Service Franchisees across the country, in addition to our trained and certified team of in-house service engineers. Today, our service network includes a certified team of **in-house engineers** along with over **105 service partners** across the country housing **320+ service technicians** who work tirelessly to meet every service request. Under the Service+ Assist initiative, this team takes care of all post-purchase service requests from installation of appliances to conducting demonstrations as well as resolving complaints, if any. In addition to this, our Hafele Care App makes life easy for customers who can book services, raise inquiries or even get product information on the go.

As we continue to strengthen our service network to ensure easy and quick access to our different services, our on-going focus also remains to provide skilled and top of the line service to all customers through robust training of all our service franchisee engineers. A step was taken in this direction by deploying training centres across the country for a nation-wide penetration. The **Appliances Training Centres** provide state of the art technical trainings to all service franchisee personnel associated with Hafele, thereby strengthening our core objective under Service+ Knowledge of empowering our service network. Equipped with all types of Products to encourage practical training sessions, these centres will focus on enhancing the knowledge of service engineers through a realistic and tangible experience.

HAFELE REASSURING EXPERTISE

“For over 10 decades, we’ve been helping people make more of their homes.

Established in Germany, and now operating worldwide, we specialise in the fittings, hardware and systems that improve the way your home, works. So when you choose our products as part of your new or reformed home, you know you’re getting the benefit of extensive knowledge and decades of experience.

And we’re still a family business, owned and managed by family members who really care about the products and service we provide. You can rely on our commitment to the highest standards of quality and reliability, founded on a long tradition of German engineering where attention to detail is second nature.

All our home improvement ideas are built to last – day in, day out – we want you to get the very best from every corner of your home, for many years to come.”

Do you love cooking but hate the tedious prepping activities that precede it?
Well, you're not alone!

The recreational experience of cooking your favourite delicacies is often spoiled due to all the time and effort spent in mundane pre-cooking activities like chopping, grinding, grating or blending. Hafele introduces, for the very first time, a professional range of Small Domestic Appliances that makes prepping fun while giving you more time to enjoy what you like doing the most – cooking your favourite dishes or experimenting with new ones!

As an extension to our comprehensive offering of cooking appliances from the Hafele Appliances Range, Hafele's Small Domestic Appliances come in modern designs, attractive colours and long-lasting, sturdy materials; coupled with superior functions that will make your pre-cooking tasks a breeze. These handy appliances are super easy to use, provide accurate prepping results and can make even the most boring tasks in the kitchen, fun!

Preparing a perfect meal does not
always entail clutter -
Unclutter your kitchen with
Hafele Kitchen Machines

Small appliances like slicers, graters or mixers increase your productivity in the kitchen. Or do they? A cluttered worktop does not only cause chaos in your culinary playground but can also muddle up your headspace. With the rising trend of people opting for open kitchens, it is absolutely necessary to UNCLUTTER your kitchen for it to cater to not only your functional needs but also your aesthetic aspirations.

Appliances that are meant to serve a single purpose can easily be replaced with multi-purpose machines. This not only creates more space for you on your worktop but in the long run helps derive compounded value for the money spent by you.

Hafele brings to you its range of 'Kitchen Machines' which are in essence dynamos which successfully amalgamate functions of various countertop appliances like dough kneader, whisker, beater, chopper, grater, juicer, mixer and grinder. Your daily kitchen chores are nothing but a piece of cake for these versatile, multi-use machines by Hafele.

Upgrade your lifestyle....upgrade your kitchen.

MURPHY RED

GOTHIC GREY

Hafele brings to you the first ever electronic kitchen machine that every Indian Kitchen needs today.

With the KLARA HIGHLINE Kitchen Machine, you can enjoy the most advanced design and functionality that will make your regular cooking task a breeze.

KLARA HIGHLINE

HOW IS HAFELE KLARA HIGHLINE SERIES BETTER THAN ANY FOOD PROCESSOR?

Powerful Aluminium Die-cast Body for heavy duty performance and stability even when used at high speed

Tactical touch control buttons in Klara Highline ensure easy operation while the high-end touch pad of the Klara Highline Pro guarantees ultimate ease of functioning

Multi-functional machine with 8+ in-built functions for every kind of cooking need

Planetary motion with 60 touch-points to ensure that the mixing attachments rotate efficiently around the bowl providing thorough mixing without manual intervention

High speed glass mixer of 1.5 L capacity for your puree, smoothie, sauce making requirements

Specialty attachments for different kinds of mixing, kneading and grinding to provide the desired output

5.5 L large capacity stainless steel bowl to prepare small to big batches of food without any hassle

LED Display to gauge the elapsed or running time of the machine. Helps you in mixing the ingredients for just the right amount of time

Multiple Speed settings (Klara Highline: 5, Klara Highline Pro: 7) to achieve varied levels of textures and fluffiness of your mixed food

Inbuilt timer to allow the machine to work without supervision while you can move on to other tasks in the kitchen

Compact design which consumes minimal space on the countertop and makes the kitchen machine a must have chic accessory for your kitchen

Dough Kneading Function:

The precise kneading movement results in soft doughs (which are similar to hand-kneaded doughs) for fluffy breads or soft chapattis.

Whipping / Whisker Function:

The planetary movement allows consistent whisking results that are professional even for a large portion of servings. It is ideal for whipping egg whites or cream which are often used in cakes and desserts.

Beater Function:

The precise configuration of the beater helps mix batters at a constant speed and at a regular pace resulting in providing a homogeneous texture; highly desired for steamed cake batters.

Vegetable Slicing, Chopping, Grating and Mashing Function:

The various blade configurations provide flexibility in chopping vegetables in even shapes and sizes (unlike hand-chopped vegetables which may be uneven) and that too in a fraction of the time you would have spent doing the same.

Meat Mincing Function:

Enjoy the benefits of the heavy duty metal mincer for precise meat mincing.

Mixer and Grinder Function:

As a unique feature the Kitchen Machine also doubles up as a mixer, giving you all required functions in one machine.

Use the wet mixer to quickly blend that ideal smoothie, shake or puree or use the small dry grinder to grind spices, pulverize sugar, shred coconut and much more!

Hafele's KLARA HIGHLINE PRO comes equipped with all features of the Klara Highline plus additional feature highlights such as technologically advanced touch control pad, increased number of speed settings and an enhanced model design in an elegant matte finish. Elevate your cooking routine with the exceptional Klara Highline Pro that transforms your everyday tasks into effortless culinary experiences.

KLARA HIGHLINE PRO

SOPHISTICATED TOUCH PAD

Hafele's KLARA HIGHLINE PRO comes with the sleekest control pad in kitchen machines.

The high-end touch pad enables you to select the function you wish to use from the programmed options, allows you to adjust the speed setting as well as set the timer function and provides you with the option of switching the machine on/off.

No more guess work!

Programmed functions light up at each speed setting to help you decide the speed at which you should run the machine for that particular function, for e.g., if you select speed setting 3, the machine will highlight the kneading hook and beater attachment symbol. You can hence safely knead dough or mash potatoes at speed 3.

- Heavy duty full Aluminium Diecast body
- Powerful 1000W motor
- Planetary rotations* for a uniform mixing result
- Wider tilt head circumference for efficient and superior mixing

Hafele presents Glamline Pro Kitchen Machine, the ultimate multi-functional appliance designed to deliver perfection. Now prep time will not just feel quicker but also leave you with perfectly prepared ingredients for every recipe. Crafted to knead, whisk and mix, this multi-purpose appliance with a trendy red finish has a powerful 800 W motor to help you with your daily tasks and a mixing bowl with a capacity of 4 L, large enough to cater to diverse prepping requirements.

GLAMLIN PRO

Beater Function:

The precise configuration of the beater helps mix batters at a constant speed and at a regular pace providing a homogeneous free-flowing texture (free of any lumps); for cake batters, dhokla batter, and any medium consistency batter.

Whipping/Whisker Function:

The wide whisker allows ample of aeration to make the frosted /whipped cream or eggs whites often used in cakes and desserts lighter and more fluffed up in texture even for a large portion of serving.

Dough Kneading:

The well-engineered dough hook simulates the hand kneading action powered with planetary motion to provide a professional kneading result.

Speed Control:

With 6 speeds and a pulse function, enjoy greater control over textures while mixing, kneading or blending.

Powerful 800 W Motor:

The motor's high-power output provides consistent and efficient mixing. It can deliver necessary power to the machine that helps achieve the desired consistency.

High Speed Gear Transmission

Designed to withstand heavy-duty operations, the high-speed gear transmission enhances the overall performance of the beater by transferring power to the mixing attachments which results in consistent mixing action.

- Powerful 800W motor
- High speed gear transmission
- Knob switch
- Planetary rotations* for uniform mixing results
- 3 attachments: dough hook, beater, whisker
- 6 Speed control and pulse function
- 4 L Stainless steel bowl

Cuatro 1000 brings to the table and your homes the maximum goodness of fruits and vegetables in the form of VacuoTechnology. When chemicals in food are exposed to the oxygen in the air, their chemical composition changes and they begin to deteriorate. A traditional blender, due to the limitation of its design and technology, accelerates this oxidation process of food particles while blending which results in the food undergoing a change in taste, colour, texture and losing most of its nutrients which in turn impacts the life of the blended food and cheats you out of the nutrition you deserve!

In Cuatro 1000, the tap of a button removes the air and oxygen responsible for oxidation of food from the jar and stops the subsequent depletion of the micro nutrients to enhance the shelf life and nutrient content of the blended food. Once the air is pulled out of the blending jar, the food is blended uniformly at high speed thus providing it a perfectly smooth texture without the formation of air bubbles.

CUATRO 1000

VACUUM MIXER AND GRINDER

WHY DO YOU NEED VACUUM TECHNOLOGY IN YOUR DAILY LIFE

ROTTEN FOOD

CORROSION

AGING

Oxygen is the main cause of erosion, ageing and rotting. Vacuuming food, juices or any form of blends removes the oxygen responsible for the oxidation and subsequent depletion of micro-nutrients. You can derive upto 90% of nutrition in your food/drinks if it is stored under vacuumed condition as compared to it being stored in an exposed condition.

THE VACUOTECHNOLOGY

The high pressure vacuum helps remove air and oxygen during blending which are responsible for oxidation of food/drinks as well as the subsequent depletion of the micro-nutrients thereby enhancing the shelf life and the nutrient content of the blended food.

TRADITIONAL VS. VACUUM BLENDING

When you blend at high speed the air bubbles do not allow the complete and uniform blending of fruits and vegetables which is why within just an hour a clear separation starts to occur.

When food starts oxidizing, the color and texture of the food changes. It is the first visible indication that the nutrients in the food have started depleting.

BPA Free Tritan Jar:

The 1 L mixer jar and 150 grams dry grinding jar that comes along Cuatro 1000 is made of Tritan which is free from any harmful chemicals that are present in plastic. The jar provides clarity, toughness and is dishwasher safe.

AdapTech Display:

The AdapTech Control of Cuatro 1000 helps you select any of the pre-set functions with just a tap of your finger. Additionally, the AdapTech display shows the time lapsed for the current pre-set function, the real-time speed to keep you notified of the changes occurring inside.

Silent Operation:

The operation noise of the Cuatro 1000 motor is less than 70 dB, which makes carrying out grinding/ mixing functions as quietly as possible. Additionally it comes with a noise reduction cover.

Powerful DC Motor:

The 1000 W motor with copper winding enhances the durability of the motor and helps in efficient mixing and grinding of ingredients to achieve the right consistency every time.

Victus Blades:

Cuatro 1000 comes with Stainless Steel Blades - Victus Blades from the Ninja Blade Series by Hafele that possess an RPM of 20,000 helping in creating the perfect mixture or concoction for every culinary need.

Inspired by the Greek goddess Thea or Theia known for endowing metals and crystals with brilliance, lustre and intrinsic value, Hafele's Thea 1200 Mixer Grinder with its shimmering stainless steel metal body and sturdy titanium coated blades is crafted to perfection.

This appliance packs a powerful 1200 W AC motor with a stepless speed control mechanism to ensure a smooth operation. With its ergonomically designed large control knob and dedicated One Touch tactile buttons for Pulse Function, Ice Crushing and smoothie, Thea 1200 is a sight to behold and a delight to use. The machine comes with a huge 1.8 L capacity glass jar, 130 grams stainless steel jar for dry grinding and a 45 grams exclusive dry grinding glass jar for soft dry grinding to satiate all your cooking requirements.

THEA 1200

MIXER AND GRINDER

High Quality Jars:

Thea 1200 comes with 1.8L & 45 grams glass jars which help you keep an eye on the food items inside the jar and are microwave friendly. The 400ML of Stainless Steel jar is used for performing tougher grinding operations.

Powerful AC Motor:

Thea 1200 comes with a 1200W AC motor with copper winding and stepless speed control which allow you to smoothly transition between different speeds and help grinding ingredients into varied pastes with different consistencies e.g. Hummus, Peanut butter & Almond butter.

Easy usage:

The large & ergonomically designed Electronic knob control with circular light indicator and 3 pre-set electronic buttons for Pulse function, Ice Crushing & Smoothie making in the Thea 1200 Mixer help make operations simpler.

Titanium Blade:

The blades of Thea 1200 come with Titanium coating that grants them extraordinary strength making them strong, durable and corrosion resistant. This enables them to deal with any grinding/ mixing job that comes their way with maximum efficiency and finesse for a long period of time.

Powered with a formidable 800 W Copper Wound Motor and equipped with Supremus Blades, Hafele's Eleganz 800 is packed with potential and is our first 'Made in India' Mixer and Grinder. It is equipped with 3 food grade Stainless Steel Jars with click lock feature and ergonomically designed handles to provide you with extra grip & comfort. A minimalist design with glossy black finish blending with your kitchen aesthetics, Eleganz 800 boasts of a large Dial Knob carefully crafted to assist you with better control and operating experience.

ELEGANZ 800

MIXER AND GRINDER

Multi-functional jars:

The three Stainless Steel Jars provided along with Eleganz 800 come in different sizes- 1.5 L wet jar for large quantities of liquid mixing like idli/dosa batter, 1 L dry and wet jar for versatile applications like chutneys and wet spice mixtures and 300 ml dry jar for grinding spices and other small quantity requirements. These jars come with a click locking function making hands-free operation possible and easier.

Powerful motor:

The powerful 800 W 100% copper-wound motor of Eleganz 800 has an endurance of more than 200 hours thus guaranteeing a longer and durable life and a motor rating* of 30 minutes specifically catering to continuous grinding of hard ingredients.

Variety of food items:

Eleganz 800 can carry out the toughest dry and wet grinding operations involving different types of food items ranging from spices, urad dal and haldi to herbs, fruits and vegetables swiftly and effortlessly.

Speed:

Whether you want a fine paste quickly or slow coarse grind, Eleganz 800 has the answer in the form of 3 speed options and an additional pulse function for light grinding.

Easy operation:

The knob dial of Eleganz 800 is ergonomically designed to help you navigate between the speed options easily.

Stable base:

The base of the grinder has a suction element that helps it stay in place and makes sure it doesn't shift when you are operating it.

Supremus Blade:

Eleganz 800 comes with Supremus Blades from the Ninja Series of Blades that possess an RPM of 20,000 providing you with highly efficient and smooth mixing/ grinding functions. The three blades- 6 leaf, 4 leaf and 2 leaf housed in their respective jars, produce clear and smooth liquid/dry mixtures no matter the food type or quantity.

The blades also come with a stress testing of 16 hours for a precise performance.

6 leaf:

Toothed End + Blunt End + Sharp End
A multipurpose blade for efficient blending, wet grinding and ice crushing

Hafele's Chromatic Hand Blender provides you with a powerful blending experience that lets you blend even the toughest ingredients effortlessly. With the help of the 9 variable speed control functions, you can easily customise the speed of the blender as per the requirement of the recipe.

Chromatic's powerful 600W motor produces exceptional blending results while its stainless-steel body ensures durability. The ergonomic design of the blender enables a better hand grip and is specially constructed to augment easy cleaning.

Thoughtfully built, use Hafele's Chromatic Hand Blender to achieve blending, whipping and pureeing results that are fantastic!

CHROMATIC

HAND BLENDER

Efficient Cold and Hot Blending:

Blends hot and cold ingredients seamlessly, making it simple to churn butter, make multigrain purees, thick soups and pastes, milkshakes and even dips.

Secure Blade Guard:

Minimises splashing and ensures safe operations while blending and churning ingredients.

Twist Mechanism to Lock/Unlock:

Enables easy and convenient attachment and de-attachment of the blend rod.

9 Variable Speed Control Functions with Rapid Turbo Function:

Supports easy adjustment and control of the blending speed according to the recipe requirement. For tougher blending recipes, you can comfortably switch to the Turbo Mode.

Stainless Steel Blade & Body:

Ensures enhanced durability and a smooth blending experience.

Attachable Stainless Steel Balloon Whisk:

Aerates mixtures and whip cream with speed and precision.

Powerful 600W Motor:

Aids in smooth blending of even the toughest ingredients such as almonds, vegetables, and dals, for the best possible results.

- Colour: Chrome
- Material: Stainless Steel
- Wattage Power: 600W
- Speed: 9 Stepless Variable Speed
Functions with Rapid Turbo Mode
- Voltage: 220 – 240 V
- Frequency: 50 Hz

Magnus Cold Press Juicer by Hafele is designed to work at a much slower pace as compared to your regular juicer. It is hence able to extract fruit and vegetable juices without applying heat, the absence of which helps retain maximum number of nutrients, vitamins and enzymes, and prevents oxidation.

The Magnus ensures that it extracts more than 80% of the juice from fruits and vegetables put into the juicer.

MAGNUS

		ADVANTAGE	BENEFIT
Cold pressed juicing		No heat is applied. Juice is extracted by gently pressing the fruits/vegetables. Retain the original taste of the fruit / vegetable in the juice form.	Oxidation is at its minimal. Nutrients, taste, freshness and shelf life remains intact.
35 RPM		Slower the pressing motion, maximum the juice extraction	Juice yield is as high as 85% as compared to a centrifugal juicer.
MagnaFeed Inlet		83 MM wide diameter which accommodates big fruits like apples, oranges, etc. and vegetables like beetroot, gourd, etc.	Save time and hassle of cutting, peeling and chopping fruits and vegetables into smaller pieces to juice. Wide MagnaFeed allows whole fruits and vegetable to be juiced at once.
Higher juice yield		Minimal wastage of juice in the form of pulp	Ensures the juice is packed with the nutrients and nothing goes in the form of wastage with the pulp.
Smart flow system		Mixes and holds juice when using more than 2 kinds of ingredients	Thoroughly mixes the juice to provide even and smooth taste even till the last sip. Smart cap provides control on the juice outlet to adjust amount of juice to be poured out.
Two filters (Coarse & Fine)		Choice of filters which helps in deciding the texture of the juice	For those who like to have texture in the drink, may choose the coarse filter. Users who prefer refined juice, may choose fine filter.

		ADVANTAGE	BENEFIT
Auger		The auger presses and squeezes the juice out of the ingredients	No blades are involved in the juicing process which means no nutrients are lost due to heat produced by the blades
250W AC Motor		Powerful AC motor with low noise	Designed for durability and efficiency
BPA Free material		BPA stands for Bisphenol-A which is a harmful chemical used in plastics Magnus is made of BPA Free material which is safe to use even for children	Ensures the healthy drink that the user makes is safe from any chemical which might have adverse effect on the consumer's health
AC Motor		Powerful motor ensures even hard ingredients like carrots, beetroots are juiced to perfection	Runs for longer hours without heating and provides professional result of juicing
Dishwasher safe parts		Provides thorough cleaning of the parts (filters, juice cavity)	Saves time in cleaning the parts manually
Stainless steel housing		Heavy duty robust machine	Provides stunning finish and feel

FOOD ENGINEERING OF COLD PRESSED JUICE

It is a process that enables the user to maintain all the original properties of fruit and vegetables, without applying heat. Since no heat is applied throughout the entire process, the user can retain the largest number of nutrients, vitamins and enzymes of the fruits and vegetables maximising their nutritional value and preventing their oxidation.

With this technology you can experiment and combine various ingredients to achieve combinations that can provide instant energy or a much needed detox or those that can accelerate your metabolism to aid weight management - the options are endless, try the ones that best adapt to your lifestyle.

MORE THAN JUICES!

Prepare a bottle of healthy and tasty nut milk

Make a healthy Chia seeds smoothie

Concoct a blend of your favourite essential oils

MagnaFeed Inlet:

83mm diameter of the inlet tube helps take in whole fruits like big apple, pear, oranges, etc. without hassles of cutting them.

SmartFlow System:

This system allows to mix and hold juice to get 100% mixed juice result when using more than one fruit / vegetable. Smart Cap controls the flow of the juice while pouring it out.

Less Waste, More Juice:

The residual juice that remains in the pulp waste is merely 20%. This means you can now get maximum juice output with Hafele's Cold Press Juicer.

Single Button Operation:

The hands-free "ON" button is used for continuous juicing. Use "REVERSE (REV)" button to clear out the MagnaFeed in case ingredients get stuck in the cavity.

Gentle & Slow Squeezing:

The auger made by FDA PMMA alloy, known for its strength and hardness rotates at a slow speed of 35 RPM to provide you with a taste closest to the original flavors of the fruits and vegetable without generating any heat in the process.

Safety Locks:

Multiple safety locks ensures that the machine works only when all the parts are connected properly.

- Slow and gentle rotation of 35 RPM
- Huge Ø 83 mm inlet for whole fruits
- SmartFlow system mixes and holds juice when using more than 2 kinds of ingredients
- Higher juice yield (more than 80%)
- Stainless Steel housing
- BPA free material
- Powerful AC motor with copper windings for powerful performance and longer operating hours
- Power: 250W

Delicious Food, Healthier Lifestyle!

Häfele's NOIL Air Fryer provides a healthier alternative to cooking food – now fulfil your deep-fried food cravings without any guilt! As the name suggests, this air fryer prepares food with little to NO-OIL. The smart Rapid Air Technology intuitively adjusts the temperature so that the food cooked is crisp on the outside and tender on the inside all while using 90% less fat. What's more, with this air fryer you can bake, grill, roast, and even reheat food as per your preference! With an attractive design, touch panel with 8 pre-set programmes, aerodynamically designed non-stick fry basket, NOIL guarantees a reimagined cooking experience: one where taste equals health.

NOIL

CHECK OUT ALL THE THINGS OUR AIR FRYERS CAN DO WITH ZERO-TO-NO-OIL?

FRY

GRILL

ROAST

BAKE

One Touch 8 Pre-set Programmes:

Make your cooking process easier. All you need to do is select a pre-programmed recipe with a simple touch. Once selected NOIL will take care of the rest – it's that simple.

Aerodynamically Designed Fry Basket:

Enables 360° even frying of food with high-speed circulation of hot air at a set temperature.

Rapid Air Technology:

Adjusts the temperature automatically to make sure that the food is crisp on the outside and tender on the inside.

Keep Warm Function:

Keeps your food at the ideal temperature for a set period.

No Oil:

NOIL gives all the crunch and tenderness of deep-frying with No to 90% less oil thanks to rapid air technology. So, savour your favourite indulgent dishes with no guilt!

Shake Reminder:

Reminds you to give the basket a shake to ensure even cooking on all sides.

Time and Temperature Control:

Allows you to manually set the timer for cooking (up to 60 minutes) along with the desired temperature (up to 200°C). You can now explore your customised cooking innovations with ease.

Removable Non-Stick Air Fry Basket:

Ensures that you spend less time cleaning and more time enjoying your meal.

- Colour: Black
- Material: Stainless Steel
- Gross capacity: 6.3 L
- Net Capacity: 5 L
- Control Panel: Touch
- Non-Stick Air Basket: Yes
- Pre-set Programmes: Bake Cake and Pizza,
Fry Lamb Chop, Chicken, Shrimp, Fish,
French Fries and Roast Vegetables
- Adjustable temperature: 80° - 200° C
- Auto Timer: 0-60 minutes
- Power: 1700W
- Voltage: 220 - 240 V
- Frequency: 50 Hz

Indulge in the perfect coffee experience at home!

Like customising your coffee right down to the size of the grind? Then U-Kaffee is the right choice for you. This coffee machine by Hafele can brew you the most delectable shot of coffee just in the comfort of your home.

So, while you determine the roast, blend, quality, strength and every other detail of coffee, U-Kaffee adeptly works in the background to bring out the best result with the ideal aroma versus taste balance. The 15-bar pump pressure ensures that the coffee grind is exposed to precise pressure and temperature conditions to brew a perfect, full-flavoured cup of coffee. The steam wand dispenses hot water and enables you to froth and steam milk for making hand-crafted cappuccinos, lattes, flat whites, cortados etc.

U-KAFFEE

Easy to Refill Water Tank:

Stores up to 1 litre of water and is easily refillable.

Efficient Warming Plate:

Warms the coffee cups enough to keep the temperature of the espresso intact, once poured, for a set period.

Automatic Flow Stop:

Cuts off the flow of coffee by using an internal timer which enables you to step away without the worry of overflowing.

Removable Two-Tiered Drip Tray:

Accumulates coffee spills and prevents them from getting onto the countertop. It can also be used to accommodate larger cups by removing the drip plate placed on the top.

Precise Steam Wand:

Dispenses hot water and delivers the perfect foam and frothed milk every time for you to craft the perfect cup of cappuccino or latte.

Pre-Brew Process:

Uses small amounts of water to saturate the coffee grounds preparing them for a more even extraction. This process takes place just before the coffee is brewed.

Optimal 15-Bar Pump Pressure:

Exerts ideal optimal pressure during the brewing process that enhances the flavour of the espresso shot.

Rapid Thermoblock Technology:

Instantly heats up water to a precise temperature as it flows through it, reducing much of the heat-up time.

- Material: Stainless Steel
- Colour: Matt Black
- Control Type: Push to Operate
- Coffee Types: Single/Double Espresso
- Additional Features: Steam, Hot Water, Frothing
- Water Tank Capacity: 1 L
- Pump Pressure: 15 bar
- Heating System: Thermoblock
- Power: 1450W
- Frequency: 50/60 Hz
- Voltage: 220 – 240 V
- Supplied With: Removable Drip Tray, Removable Water Tank, Measuring Spoon, 2 Brewing Filters, Metal Funnel and Funnel Handle

U - KAFFEE

The Dome Plus Kettle comes with a high capacity (1.7 L) to heat water and is equipped with removable limescale filters for easy cleaning.

The Stainless Steel body, inner water level markings, non-drip spout and sleek handle make the Dome Plus Kettle extremely easy to use and durable. The Kettle comes with a spout cover that ensures complete protection from dirt and other air-borne particles. It is available in two colour options – Jade (matt grey) and Opal (metallic red).

DOME PLUS KETTLE

UK Strix Control Thermostat:

Equipped with the UK Strix Thermostat Control (the world's leading thermostat), Hafele's Dome Plus Kettle with a concealed heating system provides you with precise temperature controls.

LED Indicator Light with On/Off Switch:

The kettle comes with an LED light switch which indicates if it has been switched on or not.

External water level indicator:

The external water level indicator on the kettle shows the water levels inside the kettle and thereby prompts you for a refill as and when required.

Temperature Analog Display:

Afraid of overheating the water in the kettle? Stress no more with the temperature display integrated in our new kettles, you can now keep a watch and easily achieve the desired water temperature.

Boil-dry Protection:

This safety feature, integrated in the Dome Plus and Queen Kettles, cuts-off the power when it senses that there is no water left in the kettle or the water level is below the minimum level required (i.e. 0.7 L).

Detachable micro-mesh filter & Spout Cover:

The detachable fine mesh filters found in the spout of the Dome Plus & Queen Kettles restrain all pieces of limescale in the kettle from being poured into your drink. The Dome Plus Kettle comes equipped with a spout cover which ensures complete protection from dirt and other air-borne particles.

USE THE BOILING WATER FROM OUR KETTLES TO DO ALL THIS AND MUCH MORE...

Hafele brings to you its Amber Collection Electric Toasters which includes the 2-Slot and 4-Slot Toaster Machines. This toaster series comes with 7 adjustable browning levels and enables you to not only prepare fresh crisp toasts but also to reheat the ones prepared previously. You can also defrost the freezer-stored bread in the new toasters. The 2-Slot model from Hafele's Amber Collection comes in two contemporary colours – Jade (matt grey) and Opal (metallic red) while the 4-Slot model is available in the Jade (matt grey) colour option.

AMBER COLLECTION

Easy to Use:

3 push button functions to reheat, defrost and cancel.

Defrost Function: Defrost freezer-stored bread slices as well as toast them on the go.

Reheat Function: Cold toasts are no fun! Reheat cold toasts with just a press of the button.

Cancel Function: Changed your mind? The toasting process comes to a halt once the cancel button is pressed.

Adjustable Browning Control:

7 varied levels of browning for the perfectly toasted bread – allowing you to prepare toasts with the right degree of colour and crispness, just the way you like it.

Wide Slots:

Slots with a width of 3.5 cm to cater to your taste of thick home-baked breads, tortillas, bagels, doughnuts, sliced bread and so much more.

Easy to Clean:

Easy-to-pull removable crumb tray feature aids in thorough cleaning inside and outside.

Dual-control System:

Independent control systems for both the pair of slots (in the 4-Slot Electric Toaster Model) provide convenience of using either 2 or 4 slots at once.

WHY JUST TOAST BREAD WHEN YOU CAN DO SO MUCH MORE?

Defrost tortillas

Toast multigrain handmade breads

Toast papads

Reheat doughnuts

Defrost waffles

Toast handmade breads

Grill-a-cious sandwiches at your fingertips!

There is no such thing as too many sandwiches! They make for easy, versatile, on the go snacks and offer endless possibilities. With Hafele's New Sandwich Griller – Grilla, you can take your sandwich game to a whole new level.

Get creative with this compact machine that not just allows you to prepare a wide variety of sandwiches but also enables you to grill and cook anything you want from tikkas to giant stuffed burger in a matter of minutes.

GRILLA

180° Openable Grill Plate:

Lets you remove and place sandwiches easily. It also helps expand the grilling space by becoming completely flat to enable you to grill and cook anything you want from sandwiches (up to 4 regular sized ones at a time) to tikkas and giant stuffed burger in a matter of minutes.

Non-Stick Grill Plate:

Ensures that the food doesn't get stuck to the surface with the help of double-layered water based non-stick coating. The ribs on these plates also ensure a crispy cooking result.

Adjustable Hinge:

Enables you to prepare anything with ease, from thin paninis to triple layered sandwiches loaded with numerous ingredients.

Cool Touch Handle:

Makes sure that your hands don't get burnt while handling the machine, thanks to its ergonomic design.

Power Indicator:

Informs you about the progress of your food, preventing it from getting overcooked or burnt.

Detachable Oil Drip Collector Tray:

Collects the excess butter, oil and breadcrumbs, left behind after cooking, thereby easing out the cleaning process.

Temperature Control Knob:

Allows you to customise and set the required temperature to help you prepare your food as per your preference.

- Colour: Black
- Material: Stainless Steel
- Wattage: 2000W
- Voltage: 220 - 240 V
- Frequency: 50 Hz
- Temperature setting: Min 100 ± 20°C, Max 230 ± 20°C
- Included components: Oil Drip Collector Tray
